Resolution.—As the period of eighteen months during which the Proprietors of Shares in the Bank of Bengal possess the exclusive privilege of subscribing for the additional Capital Stock of that Bank, will expire on the 10th of September, the Governor General in Council has taken into his serious consideration the constitution and the value of that body.

His Lordship in Council is of opinion that many parts of the existing Charter might with advantage, be altered. But he is unwilling without a previous reference to the Hon'ble the Court of Directors to make any important change which can be deferred without serious inconvenience.

One change, His Lordship in Council conceives, the Government is bound in justice to make without delay. The maximum amount of Bank Stock which a single Proprietor is allowed to hold is a lac of rupees. If this rule be maintained, it is plain that those who are possessed of the largest quantity of the old Stock will obtain no Share whatever of the additional Stock. The increase of the Stock was supposed to be injurious to the old Proprietors, and it is on that account that they have been allowed by way of indemnification to possess during a certain time an exclusive right of subscribing for the additional Stock. The indemnification ought evidently to be proportioned to the loss. But if the present maximum be continued the indemnification will be large to those who lose little, small to many who lose much, and nothing at all to those who lose most. His Lordship in Council has therefore determined at once to raise the maximum from a lac to a lac and a half. This measure will remedy the immediate evil. Whether it be desirable to have a still higher maximum, or to have any maximum at all, will be matter for future consideration.

His Lordship in Council adverting to the change which has recently been made in the currency of those provinces, is of opinion that it is desirable that the Capital Stock of the Bank of Bengal and every Share of that Capital Stock should be expressed in Company's Rupees, and should consist of such a number of Company's Rupees as will admit of ready computation. Under any other circumstances than those which at this moment exist, it would be impossible for the Government to make this alteration without compelling the existing Proprietors either to purchase a greater quantity of Stock than they might wish to hold, or to part with Stock which they might wish to keep: and to use such compulsion would in the opinion of His Lordship in Council, be inconsistent with due respect for public faith and the rights of property.

Happily the mode in which the increase of the Capital of the Bank has been effected gives His Lordship in Council an opportunity such as can never again offer itself, of effecting this desirable object. The Stock formerly held by private individuals amounted to 40 lacs of Sica Rupees and each Share to 10,000 Sica Rupees.

The additional Stock, all of which will be taken by Proprietors of the old Stock, amounts to 20 lacs of Sica Rupees. Every Share of 10,000 Sica Rupees will (by the addition of half a Share which each holder of one Share is entitled to subscribe for) be increased to 15,000 Sica Rupees; and 10,000 Sica Rupees are exactly equivalent to 16,000 Company's Rupees. It appears therefore advisable to make without delay, a change which is highly convenient, and which, if deferred till transfers have taken place, it will be impossible to effect without injustice.

His Lordship in Council has determined to fix on 4,000 Company's Rupees as the amount of a single Share of Bank Stock.

This change will render it necessary to make a change in the distribution of the votes at General Meetings of the Proprietary body. His Lordship in Council thinks it desirable that every holder of a single Share should have one vote. He also thinks it desirable that no person whatever his stake in the Bank may be, should have a greater number of votes than seven, which is now the maximum.

His Lordship in Council has fixed the 1st of October for the realization of the Subscriptions, and for the commencement of the new system.

His Lordship in Council has therefore been pleased to direct, that the following Draft of an Act be published for general information:

Act No. — of 1836.

I. It is hereby enacted, that from the day of the passing of this Act any person may hold Capital Stock of the Bank of Bengal to an amount not exceeding 1,00,000 Company's Rupees, and that any existing Proprietor of Stock of the said Bank

may subscribe for additional Stock of the said Bank in proportion to his interest, any restriction in the Charter of the said Bank contained notwithstanding.

II. And it is hereby enacted, that the sum of 70 lacs of Rupees which is the increased Capital Stock of the said Bank shall, on or before the 1st of October, 1836, be made up by the Governor General of India in Council, to the sum of 75 lacs of Company's Rupees.

III. And it is hereby enacted, that the said sum of 75 lacs of Company's Rupees shall, from the 1st day of October, 1836, be the Capital Stock of the said Bank, and shall be divided into 1875 Shares of 4,000 Company's Rupees each.

IV. And it is hereby enacted, that 275 of the said Shares numbered from 1 to 275 inclusive, shall be the property of the Governor General of India in Council on behalf of the East India Company, and that the remaining 1,600 Shares numbered from 276 to 1875 inclusive, shall be the property of those persons who on the said 1st of October, 1836, shall be Proprietors of the Capital Stock of the said Bank, and that every such Proprietor shall, for every sum of Rupees 3750 of Stock of the said Bank held by him, be entitled to one of the said Shares.

V. And it is hereby enacted, that on the 30th of September, 1836, the account of the Profits upon the Capital Stock of the said Bank as consisting of 50 lacs of Rupees, divided into 500 Shares, shall be wound up, and a dividend declared; and that from the 1st of October, 1836, the holders of the new Shares of 4,000 Company's Rupees each shall be entitled to share in the profits of the Bank in proportion to their interest, and that the first dividend on the said new Shares shall be declared on the 1st of January, 1837.

VI. And it is hereby enacted, that if the subscription for any Share shall not be paid up on or before the 1st of October, such Share shall become the property of the said Bank, and shall be sold for the benefit of the said Bank, and the price of such Share shall be added to the profits of the said Bank.

VII. And it is hereby enacted, that Certificates shall be granted for the said Shares of 4,000 Company's Rupees each in the same manner in which Certificates have hitherto been granted for Shares of the Capital Stock of the said Bank, and that the said Shares of 4,000 Company's Rupees each shall be registered, and shall be transferable and assignable in the same manner in which Shares of the Capital Stock of the said Bank have hitherto been.

VIII. And it is hereby enacted, that the said Shares of 4,000 Company's Rupees each may be subdivided into Quarter Shares of 1,000 Company's Rupees each, and that such Quarter Shares may be assigned, transferred, and reunited in the same manner in which fractional parts of Shares of the Capital Stock of the said Bank have hitherto been assigned, transferred and reunited.

IX. And it is hereby enacted, that the Proprietors of the Capital Stock of the said Bank shall from the 1st day of October, 1836, be entitled at their meetings, to vote according to the following scale:

1 Share of 4,000 Co.'s Rs. shall entitle to 1 Vote.	
5 Shares	2 Votes.

NOTICE.—The following Directions are published by Order of the Right Honble the Governor of Bengal, for general information:

DIRECTIONS FOR SHIPS PASSING THROUGH THE STRAITS OF MADURA TO SOERABAYA BY CAPTAIN A. FRASER.

The *Lady Hains* found twelve and thirteen fathoms through, inside Kotrapang, during the night, in which situation she found herself unexpectedly, after bringing Passerwang to bear S. by W. about eight miles distance, not intending to take a Pilot, steer N. by W. by compass, being careful not to go to the Westward of this course, to avoid the dangers on the Java shore; or, perhaps as well steer North, keeping in twelve or thirteen fathoms, you will observe a remarkably smooth conical peak to the Westward of you; with that bearing W. by S. you should be in twelve fathoms; W. S. W. in seven fathoms and a half. As the water begins to shoal, then alter course to N. E. by N. and run two miles; if you should stand under six fathoms and a half, keep her N. N. E. you will by this time have the peak S. W. and less water, perhaps quarter less six, at about eight miles from the Straits. Now steer North, and in a distance of three miles you will shoal to a half three, soft bottom, if in the channel; if hard, rather, too near the Java shore, but, as from hence you can see the beacon that marks the edge of the shoal water on the Madura side, if being of timber, with a bamboo topmast, and bearing about N. N. W. five miles distance from you, steer direct for it, till within one and a half or two miles of it. Edge away about N. W., according to tide, you will or ought to come within half a mile of it; then bring her up gradually to W. by N. keeping close round the fishing-stakes, (Madura side,) where the water deepens to seven fathoms, soft bottom, keep rather to the Northward, for by hauling in the sail for the Shipping, you may get on a hard bank to the S. E. of the river's mouth.

It may be well to observe here, that the Island off Tambora river, in Horsburgh's Charts, does not exist; but there is a rock, or reef, dry at low-water, close to the Java shore. The rock or shoal in same Chart bearing N. N. E. of Passerwang is not known to the Pilot, but the course given will lead clear of its side, and also the dangers off Bandigun; which island by following the above directions, you will not see; it should be carefully avoided, unless going between it and Madura, where I understand there is a good and safe channel. The Madura side of this gulf is best during the south-east monsoon, the winds being far more regular, off Belega there is a bank, but there is plenty room to avoid it, as it does not extend far off.

Having brought up in Soerabaya roads, you will do well to await the visit, if you do not wish to incur port charges, when you will ascertain the port regulations. There is a vigilant eye upon strangers from the Guardship; therefore, if not allowed, do not let your boat be seen in communication with any other vessel. The port charges for anchorage, per ton of about two register tons, is one guilder or rupee; pilotage seven rупees per foot each way, one-third copper and two-thirds silver, the latter about one-eighth sterling each. If bound to the eastward from hence, you may easily apply these directions *vice versa*, observing, as it will be hardly possible to cross the flats in one tide, you will have in the tide in the night.

The country surrounding, for some extent, appears alluvial, and is perhaps not equalled or surpassed in the world for fertility; its productions are amazing, and yet capable of great augmentation under a more liberal Government, consisting of rice, sugar, arrack, turmeric, pepper, wood, rattans, cow-hides, and buffaloes. These constitute the principal articles of export, the sugar being only bottomed, the superior white clayed sugar being a Government monopoly, as well as the coffee entirely. These two latter articles are sold at Government sales at Batavia, at indefinite periods, that depending mostly upon the state of their coffers.

The Maats Chapye seem to enjoy very peculiar privileges, to the exclusion of the British merchants, whom it would seem the Dutch are anxious to weed out from amongst them. I do not think it in very strict observance of the treaty between the two countries. Having spoken of the two principal articles of their growth as monopolies, it must be understood that they are taken possession of immediately from the grower, scarcely allowing him sufficient

for his own consumption, and sold just at what period best answers the views of the Government. The coffee grower has but little left him after the Government exactions of somewhere about three-fourths of the total value. With sugar, as the production of it is in its infancy there, greater privileges are given to the cultivator. A belated pecuniary assistance, or lands, is given, to enable him to meet the great expense of steam machinery. But when at maturity, the sugar planter must expect no better usage than the coffee grower. The natives, it is needless to say, under such oppressive taxes, make out a miserable subsistence. The different degrees of respect paid to Englishmen and the Hollander, throughout Java, are very striking. Of rice, the average export of this district is about 12,000 to 15,000 tons; coffee produced about 7,000 or 8,000 tons; sugar, in this and the eastern districts, for the season of 1833, was expected to be about 14,000 tons—a considerable increase will take place in its production. The port of Soerabaya is doubtless the best in Java; smooth water at all seasons, a tide about nine feet, excellent holding-ground, not so pestilent as Batavia, a convenient river, a delightful country around, pleasant manners and hospitable people; indeed there seems, if possible, more good fellowship amongst the residents themselves, *viz.* those belonging to the two flags, than is to be met with in Batavia. But it is with much delight that I can bear witness to the uncommon hospitality, and high integrity of the British merchants in Java; like those in China, their word is their bond; even with every Chinese trader, the word of an English merchant will pass current for thousands—well and nobly do they uphold their character.

Direction from Soerabaya to the Westward.

For four miles you cannot go wrong, for fishing-stakes in either side. If not high-water, you will then perceive abreast of you, to the Eastward, the Baffles, two inlets or rocks, the outer one rarely covered; there are fishing-stakes outside of them, on the western side, in the light between the town of Grisee and Soerabaya are the Pysnags, an extensive shoal; it is out of the way of running ships, and there is an abundance of room for plying outside of it; but if borrowing this way, you will deepen from seven in the fair way to ten fathoms upon the very edge; you must tack immediately, or you will be on them. After passing Grisee, keep rather towards the stakes on Madura side, to avoid the Banka tree, which commences immediately from Grisee, and occupies the whole of this western light. Towards the shoal the bottom is foul, and unfit for anchorage. By keeping over on the Madura side, and steering from stakes to stakes, in plenty room, with seven fathoms, clear of all danger, with a favourable wind and tide, you will soon see Fort Ludewick on the innermost island from the western side, and Bankalan pier on the eastern. N. by E. is your course, keeping still towards the Madura stakes. The spit of soft mud from Fort Ludewick has a beacon on it, in a quarter less three fathoms; here the channel begins to narrow, and the set of tides is various and strong. With the flagstaff west, and Point Panka north-west, come as nearer to the Port, or you will be on the spit; the beacon bears about N. N. W. of Point Panka. Both banks are steep to the channel, a bare three-quarters of a mile wide; towards the spit, if drawing in with the tide, you will have twelve, five, and three, rapidly, and aground as quick. From the beacon, the flagstaff bears N. W. and the Regent's White Wall Zidayo, N. W. by ½ W. In passing the beacon, it is usual to anchor a boat N. by W. of it, in about three fathoms. There is sufficient tide to back and fill through. On the first of the tide the water is very turbid, but after a little it subsides, and you can see the shoal water on either side, during the easterly monsoon; in the westerly or rainy monsoon it is not so, you will then experience a tide of five knots here.

After being passed this danger, the fishing stakes will lead you up to the first beacon on the starboard or eastern side. The channel is nearly N. W. and S. E. both sides beacons; on the Panka side, until you have passed the first two beacons, it is rocky bad ground; do not borrow on this side. The first beacon on the sea bank is in two fathoms and a half, hard ground; after that soft mud; borrow more towards it. In coming from northward and westward, you will observe three remarkable flat hummocks, called the Coffins of Dead Kists; when you shut the two in behind the north-east, stern of the largest, you will be able to see the first beacon on Madura flat. The above direction may be then easily applied in the opposite way, if bound to Soerabaya.

Philippine Islands.—Rock in the Track to Manila.

Ship struck.

We are indebted to a correspondent for the Leith Commercial List, containing the following account of a dangerous rock lying immediately in the track of ships running for Manila from the eastward.

The following communication is from Mr. John H. Robertson, commander of the barque *Minerva*, of Alton:—“When bound from Sydney to Manila, on the 10th of September, 1834, at 2 A. M. the vessel struck on a sunk

coral rock, (not laid down in any of our English Charts,) bearing from Point St. Iago, Island of Laconia, one of the Philippine Islands, E. S. E. $\frac{1}{2}$ E. four or five miles distant. Within half a mile of the rock there are seventeen fathoms. Point St. Iago lies in about $13^{\circ} 41'$ N. Latitude, $126^{\circ} 28'$ E. Long. Some years ago an American ship was lost upon the same rock.

On referring to the Chart, we find the tracks of the Spanish vessels *Descubierta* and *Atravida*, within a very short distance of this danger, and we would remind navigators, that, as the Spanish Survey was by no means a minute one, there may be many other dangers yet unknown in the channels between these islands. By keeping mid-channel, and not heaving to the northward until Point St. Iago bears east, this rock would be avoided.

New Shoals in the Eastern Seas:—Ships struck.

The following accounts of two dangerous shoals in the China and Java Seas have been presented to us by that enlightened Hydrographer Captain Horsburgh.

Omega Shoal, although not far distant from Batavia, had escaped the notice of Navigators, until discovered by Captain Russell, of the American Ship *Omega*, according to the following account which he has transmitted.

The Ship *Omega*, under my command, in March, 1835, struck on a coral shoal, and remained on it 25 hours, beat off her rudder, and received some damage in her bottom; she was got off by throwing cargo overboard to the value of about 15,000 dollars; and she was obliged to be hove down at Onruith, near Batavia, for repairs.

This shoal is steep to, extends N. N. E. and S. S. W. 150 to 200 yards, and about 70 in breadth; with from 10 to 15 feet water, and bears about E. by S. from the South end of the North Watcher, distant one mile and a quarter. There is a channel between the island and the shoal, with 12 fathoms water.

Owen Shoal, in Lat. $8^{\circ} 8'$ N. Long. 112° E. by two chronometers agreeing, in a run of ten days from Macao, has been discovered in May, 1835, by Captain Owen of the Ship *David Scott*, on her passage from Canton to England. She struck on it at noon, steering N. S. E. having had soundings at 6 to 4 $\frac{1}{2}$, and once 3 $\frac{1}{2}$ fathoms, and at 1 p. m. she cleared the shoal, having then no bottom. This shoal appeared to be about two miles in extent, composed of black and white speckled coral, and seemed to be in a state of rapid accretion, from the vitality and energy of the madreporae in the recent formations of large pieces of coral brought up by the lead. While crossing the shoal, the patches of variegated coral were bright and startling, but no breakers were perceived, as the sea was then very smooth. In stormy weather, however, when the sea runs high, they probably break, and a large ship would be liable to strike.

These Estates adjoin one another and are situated in Thana Lalazar, subject to the Joint Magistrate and Deputy Collector of Bograh in Revenue and Criminal, and to the Zillah Court of Dinapore, in Civil proceedings. They are intersected by the Jumna River, shortly before its junction with the Arge, the latter is navigable for large boats at all seasons of the year.

The principal cultivation is Sugar Cane, and in former times the Hon'ble Company had a Factory there which produced Sugar, reckoned the best in Bengal. The heavy Jummas paid by these Estates for a long series of years, shews clearly that their inability lately to meet the Government demand cannot be ascribed to unproductiveness, it was caused solely except in the case of No. 1, by the long continued drought in 1831, which destroyed great part of the crops, and the Cholera succeeding many of the Ryots fled, the Farmers alarmed, after racking the remainder to the utmost, also absconded; and the Zemindars, all of whom had other Property, finding they would be unable to collect even the Government dues for some years to come, allowed the Estates to be sold one after another. They will be let in Farm on Leases, not exceeding 15 years, and afford an excellent opportunity to persons wishing to establish Sugar Manufactories. It is evident also that large profits might be made by a skilful manager from the rents alone, by bringing into cultivation the large quantity of culturable Land, now waste. Good labour and fire-wood are cheap; capital partridge shooting and pigsticking may be had within 10 miles; and summary suits and boundary disputes are unknown, an ignorance which will be appreciated by any Gentleman who has resided in Pubna, Jessore, or the adjoining Districts. Tenders to be made to the Deputy Collector of Bograh, from whom any further information required may be had on application.

1st.—The parties to whom Advances may be made shall agree that the respective Consignments be delivered into such Warehouses as the Court of Directors may approve; and that they be subject to the Control of the Court of Directors until the lien of the Company upon the Consignment shall have been satisfied.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of the Indian Government, or Authorized Agents of the East India Company, an Advance not exceeding two-thirds of such ascertained value will be made.

3d.—For re-payment of the Advance, Bills of Exchange to be drawn in triplicate, at six months sight, at the rate of—

a.	d.	Per Company's Rupon for Advances made at	Bengal.
		Ditto	Ditto..... Madras.
		Ditto	Ditto..... Bombay.
		Per Spanish Dollar, Ditto.....	China.

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium, Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed in their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit, to sell the Goods, for the purpose of re-paying the Company the

amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods, subject to all the conditions agreed upon with the Company, on payment of the Bills; and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

**FORT WILLIAM,
LEGISLATIVE DEPARTMENT,
THE 6TH SEPTEMBER, 1836.**

Resolution.—As the period of eighteen months during which the Proprietors of Shares in the Bank of Bengal possess the exclusive privilege of subscribing for the additional Capital Stock of that Bank, will expire on the 10th of September, the Governor General in Council has taken into his serious consideration the constitution and the rules of that body.

His Lordship in Council is of opinion that many parts of the existing Charter might with advantage, be altered. But he is unwilling without a previous reference to the Hon'ble the Court of Directors to make any important change which can be deferred without serious inconvenience.

One change, His Lordship in Council conceives, the Government is bound in justice to make without delay. The maximum amount of Bank Stock which a single Proprietor is allowed to hold is a lac of rupees. If this rule be maintained, it is plain that those who are possessed of the largest quantity of the old Stock will obtain no Share whatever of the additional Stock. The increase of the Stock was supposed to be injurious to the old Proprietors, and it is on that account that they have been allowed by way of indemnification to possess during a certain time an exclusive right of subscribing for the additional Stock. The indemnification ought evidently to be proportioned to the loss. But if the present maximum be continued, the indemnification will be large to those who lose little, small to many who lose much, and nothing at all to those who lose most. His Lordship in Council has therefore determined at once to raise the maximum from a lac to a lac and a half. This measure will remedy the immediate evil. Whether it be desirable to have a still higher maximum, or to have any maximum at all, will be matter for future consideration.

His Lordship in Council, advertent to the change which has recently been made in the currency of these provinces, is of opinion that it is desirable that the Capital Stock of the Bank of Bengal and every Share of that Capital Stock should be expressed in Company's Rupees, and should consist of such a number of Company's Rupees as will admit of ready computation. Under any other circumstances than those which at this moment exist, it would be impossible for the Government to make this alteration without compelling the existing Proprietors either to purchase a greater quantity of Stock than they might wish to hold, or to part with Stock which they might wish to keep; and to use such compulsion would in the opinion of His Lordship in Council, be inconsistent with due respect for public faith and the rights of property.

Happily the mode in which the increase of the Capital of the Bank has been effected gives His Lordship in Council an opportunity such as can never again offer itself, of effecting this desirable object.

The Stock formerly held by private individuals amounted to 40 lacs of Sicea Rupees and each Share to 10,000 Sicea Rupees.

The additional Stock, all of which will be taken by Proprietors of the old Stock, amounts to 20 lacs of Sicea Rupees. Every Share of 10,000 Sicea Rupees will (by the addition of half a Share which each holder of one Share is entitled to subscribe for) be increased to 15,000 Sicea Rupees; and 15,000 Sicea Rupees are exactly equivalent to 15,000 Company's Rupees. It appears therefore advisable to make without delay, a change which is highly convenient, and which, if deferred till transfers have taken place, it will be impossible to effect without injustice.

His Lordship in Council has determined to fix on 4,000 Company's Rupees as the amount of a single Share of Bank Stock.

This change will render it necessary to make a change in the distribution of the votes at General Meetings of the Proprietary body. His Lordship in Council thinks it desirable that every holder of a single Share should have one vote. He also thinks it desirable that no person whatever his stake in the Bank may be, should have a greater number of votes than seven, which is now the maximum.

His Lordship in Council has fixed the 1st of October for the realization of the Subscriptions, and for the commencement of the new system.

His Lordship in Council has therefore been pleased to direct, that the following Draft of an Act be published for general information:

ACT No. — OF 1836.

I. It is hereby enacted, that from the day of the passing of this Act any person may hold Capital Stock of the Bank of Bengal to an amount not exceeding 1,50,000 Company's Rupees, and that any existing Proprietor of Stock of the said Bank

may subscribe for additional Stock of the said Bank in proportion to his interest, any restriction in the Charter of the said Bank contained notwithstanding.

II. And it is hereby enacted, that the sum of 70 lacs of Sicaa Rupees, which is the increased Capital Stock of the said Bank, shall, on or before the 1st of October, 1836, be made up by the Governor General of India in Council, to the sum of 75 lacs of Company's Rupees.

III. And it is hereby enacted, that the said sum of 75 lacs of Company's Rupees shall, from the 1st day of October, 1836, be the Capital Stock of the said Bank, and shall be divided into 1875 Shares of 4,000 Company's Rupees each.

IV. And it is hereby enacted, that 275 of the said Shares numbered from 1 to 275 inclusive, shall be the property of the Governor General of India in Council on behalf of the East India Company, and that the remaining 1,600 Shares numbered from 276 to 1875 inclusive, shall be the property of those persons who on the said 1st of October, 1836, shall be Proprietors of the Capital Stock of the said Bank, and that every such Proprietor shall, for every sum of Sicaa Rupees 3750 of Stock of the said Bank held by him, be entitled to one of the said Shares.

V. And it is hereby enacted, that on the 30th of September, 1836, the account of the Profits upon the Capital Stock of the said Bank as consisting of 50 lacs of Sicaa Rupees, divided into 500 Shares, shall be wound up, and a dividend declared; and that from the 1st of October, 1836, the holders of the new Shares of 4,000 Company's Rupees each shall be entitled to Share in the profits of the Bank in proportion to their interest, and that the first dividend on the said new Shares shall be declared on the 1st of January, 1837.

VI. And it is hereby enacted, that if the subscription for any Share shall not be paid up on or before the 1st of October, such Share shall become the property of the said Bank, and shall be sold for the benefit of the said Bank, and the profits of such sale shall be added to the profits of the said Bank.

VII. And it is hereby enacted, that Certificates shall be granted for the said Shares of 4,000 Company's Rupees each in the same manner in which Certificates have hitherto been granted for Shares of the Capital Stock of the said Bank, and that the said Shares of 4,000 Company's Rupees each shall be registered, and shall be transferable and assignable in the same manner in which Shares of the Capital Stock of the said Bank have hitherto been.

VIII. And it is hereby enacted, that the said Shares of 4,000 Company's Rupees each may be subdivided into Quarter Shares of 1,000 Company's Rupees each, and that such Quarter Shares may be assigned, transferred, and reunited in the same manner in which fractional parts of Shares of the Capital Stock of the said Bank have hitherto been assigned, transferred and reunited.

IX. And it is hereby enacted, that the Proprietors of the Capital Stock of the said Bank shall from the 1st day of October, 1836, be entitled at their meetings, to vote according to the following scale:

1 Share of 4,000 Co.'s Rs. shall entitle to 1 Vote.	
5 Shares	2 Votes.

Ordered, that the Draft now read be published for general information.

All fractions are omitted.

These Estates adjoin one another and are situated in Thanna Lalbazar, subject to the Joint Magistrate and Deputy Collector of Bograh in Revenue and Criminal, and to the Zillah Court of Dinagepore, in Civil proceedings. They are intersected by the Jumna River, shortly before its junction with the Agra, the latter is navigable for large boats at all seasons of the year. The principal cultivation is Sugar Cane, and in former times the Hon'ble Company had a Factory there which produced Sugar, reckoned the best in Bengal. The heavy Jummas paid by these Estates for a long series of years, shews clearly that their inability latterly to meet the Government demand cannot be ascribed to unproductiveness, it was caused solely except in the case of No. 1, by the long continued drought in 1831, which destroyed great part of the crops, and the Cholera succeeding many of the Ryots fled, the Farmers alarmed, after racking the remainder to the utmost, also abandoned; and the Zemindars, all of whom had other Property, finding they would be unable to collect even the Government dues for some years to come, allowed the Estates to be sold one after another. They will be let in Farm on Leases, not exceeding 15 years, and afford an excellent opportunity to persons wishing to establish Sugar Manufactories. It is evident also that large profits might be made by a skilful manager from the rents alone, by bringing into cultivation the large quantity of cultivable Land, now waste. Good labour and firewood are cheap; capital partridge shooting and pigsticking may be had within 10 miles; and summary suits and boundary disputes are unknown, an ignorance which will be appreciated by any Gentleman who has resided in Fulna, Jessore, or the adjoining Districts. Tendras to be made to the Deputy Collector of Bograh, from whom any further information required may be had on application.

The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit, to sell the Goods, for the purpose of re-paying the Company the

amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

**FORT WILLIAM,
LEGISLATIVE DEPARTMENT,
THE 5TH SEPTEMBER, 1836.**

Resolution.—As the period of eighteen months during which the Proprietors of Shares in the Bank of Bengal possess the exclusive privilege of subscribing for the additional Capital Stock of that Bank, will expire on the 10th of September, the Governor General in Council has taken into his serious consideration the constitution and the rules of that body,

His Lordship in Council is of opinion that many parts of the existing Charter might with advantage, be altered. But he is unwilling without a previous reference to the Hon'ble the Court of Directors to make any important change which can be deferred without serious inconvenience.

One change, His Lordship in Council conceives, the Government is bound in justice to make without delay. The maximum amount of Bank Stock which a single Proprietor is allowed to hold is a lac of rupees. If this rule be maintained, it is plain that those who are possessed of the largest quantity of the old Stock will obtain no share whatever of the additional Stock. The increase of the Stock was supposed to be injurious to the old Proprietors, and it is on that account that they have been allowed by way of indemnification to possess during a certain time an exclusive right of subscribing for the additional Stock. The indemnification ought evidently to be proportioned to the loss. But if the present maximum be continued, the indemnification will be large to those who lose little, small to many who lose much, and nothing at all to those who lose most. His Lordship in Council has therefore determined at once to raise the maximum from a lac to a lac and a half. This measure will remedy the immediate evil. Whether it be desirable to have a still higher maximum, or to have any maximum at all, will be matter for future consideration.

His Lordship in Council, adverting to the change which has recently been made in the currency of these provinces, is of opinion that it is desirable that the Capital Stock of the Bank of Bengal and every Share of that Capital Stock should be expressed in Company's Rupees, and should consist of such a number of Company's Rupees as will admit of ready computation. Under any other circumstances than those which at this moment exist, it would be impossible for the Government to make this alteration without compelling the existing Proprietors either to purchase a greater quantity of Stock than they might wish to hold, or to part with Stock which they might wish to keep; and in use such computation would in the opinion of His Lordship in Council, be inconsistent with due respect for public faith and the rights of property.

Happily the mode in which the increase of the Capital of the Bank has been effected gives His Lordship in Council an opportunity such as can never again offer itself, of effecting this desirable object.

The Stock formerly held by private individuals amounted to 40 lacs of Sica Rupees and each Share to 10,000 Sica Rupees.

The additional Stock, all of which will be taken by Proprietors of the old Stock, amounts to 20 lacs of Sica Rupees. Every Share of 10,000 Sica Rupees will (by the addition of half a Share which each holder of one Share is entitled to subscribe for) be increased to 15,000 Sica Rupees; and 15,000 Sica Rupees are exactly equivalent to 16,000 Company's Rupees. It appears therefore advisable to make without delay, a change which is highly convenient, and which, if deferred till transfers have taken place, it will be impossible to effect without injustice.

His Lordship in Council has determined to fix on 4,000 Company's Rupees as the amount of a single Share of Bank Stock.

This change will render it necessary to make a change in the distribution of the votes at General Meetings of the Proprietary body. His Lordship in Council thinks it desirable that every holder of a single Share should have one vote. He also thinks it desirable that no person whatever his stake in the Bank may be, should have a greater number of votes than seven, which is now the maximum.

His Lordship in Council has fixed the 1st of October for the realization of the Subscriptions, and for the commencement of the new system.

His Lordship in Council has therefore been pleased to direct, that the following Draft of an Act be published for general information:

Act No. — of 1836.

I. It is hereby enacted, that from the day of the passing of this Act any person may hold Capital Stock of the Bank of Bengal to an amount not exceeding 1,00,000 Company's Rupees, and that any existing Proprietor of Stock of the said Bank

may subscribe for additional Stock of the said Bank in proportion to his interest, any restriction in the Charter of the said Bank contained notwithstanding.

II. And it is hereby enacted, that the sum of 70 lacs of Sicea Rupees, which is the increased Capital Stock of the said Bank, shall, on or before the 1st of October, 1836, be made up by the Governor General of India in Council, to the sum of 76 lacs of Company's Rupees.

III. And it is hereby enacted, that the sum of 76 lacs of Company's Rupees shall, from the 1st day of October, 1836, be the Capital Stock of the said Bank, and shall be divided into 1875 Shares of 4,000 Company's Rupees each.

IV. And it is hereby enacted, that 275 of the said Shares numbered from 1 to 275 inclusive, shall be the property of the Governor General of India in Council on behalf of the East India Company, and that the remaining 1,600 Shares numbered from 276 to 1875 inclusive, shall be the property of those persons who on the said 1st of October, 1836, shall be Proprietors of the Capital Stock of the said Bank, and that every such Proprietor shall, for every sum of Sicea Rupees 3750 of Stock of the said Bank held by him, be entitled to one of the said Shares.

V. And it is hereby enacted, that on the 30th of September, 1836, the account of the Profits upon the Capital Stock of the said Bank as consisting of 50 lacs of Sicea Rupees, divided into 600 Shares, shall be wound up, and a dividend declared; and that from the 1st of October, 1836, the holders of the new Shares of 4,000 Company's Rupees each shall be entitled to Share in the profits of the Bank in proportion to their interest, and that the first dividend on the said new Shares shall be declared on the 1st of January, 1837.

VI. And it is hereby enacted, that if the subscription for any Share shall not be paid up on or before the 1st of October, such Share shall become the property of the said Bank, and shall be sold for the benefit of the said Bank, and the profits of such sale shall be added to the profits of the said Bank.

VII. And it is hereby enacted, that Certificates shall be granted for the said Shares of 4,000 Company's Rupees each in the same manner in which Certificates have hitherto been granted for Shares of the Capital Stock of the said Bank, and that the said Shares of 4,000 Company's Rupees each shall be registered, and shall be transferable and assignable in the same manner in which Shares of the Capital Stock of the said Bank have hitherto been.

VIII. And it is hereby enacted, that the said Shares of 4,000 Company's Rupees each may be subdivided into Quarter Shares of 1,000 Company's Rupees each, and that such Quarter Shares may be assigned, transferred, and reunited in the same manner in which fractional parts of Shares of the Capital Stock of the said Bank have hitherto been assigned, transferred and reunited.

IX. And it is hereby enacted, that the Proprietors of the Capital Stock of the said Bank shall from the 1st day of October, 1836, be entitled to their meetings, to vote according to the following scale:

1 Share of 4,000 Co.'s Rs. shall entitle to 1 Vote.	
5 Shares	2 Votes.

15 "	4 "
20 "	5 "
30 "	6 "

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be re-considered at the first Meeting of the Legislative Council of India after the 17th day of September (instant).

FORT WILLIAM, 12th September, 1836.

No. 179 of 1836.—The Right Hon'ble the Governor General of India in Council is pleased to

reconsider the various Orders now in force in this Presidency, in regard of the occupation of Ground, and the disposal of Premises or Buildings situated within the limits of Military Cantonments, and to substitute for them the following Regulation, which is to have effect from the date of its promulgation at the different Stations of the Bengal Army:

1. All Applications for unoccupied Ground, for the purpose of being enclosed, built upon, or in any way appropriated to private purposes,—such Ground being within the limits of a Military Cantonment;—are, in the first instance, to be made to the Commanding Officer of the Station through the usual channel; and in no case are the boundaries of compounds to be changed, old roads closed, or new ones opened, without the sanction of the Commanding Officer.

2. As the health and comfort of the Troops are paramount considerations in which all others must give way, the Commanding Officer will be held responsible that no Ground is occupied in any way calculated to be injurious to either, or to the appearance of the Cantonment; and in forwarding any application for a grant, he must certify that it is not objectionable in those or any other respects.

3. When no objection occurs the application is to be forwarded through the prescribed channel, by the Commanding Officer of the Station, to the Quarter Master General of the Army, who, if the Commander in Chief approves, will submit it for the Orders of Government.

4. All such applications are to be in the annexed Form marked A.

5. All Grants are to be registered by the Officer of the Quarter Master General's Department attached to the Division, and at Stations where no such Officer may be present by the Executive Officer of Public Works, to whom also, in such cases, applications for Ground are to be addressed; and all grants are to be immediately noted upon the plan of the Cantonment in the Quarter Master General's Office.

6. No ground will be granted except on the following conditions, which are to be subscribed to by every grantee, as well as by those to whom his grant may subsequently be transferred.

Ist. The Government to retain the power of resumption, at any time, on giving one month's notice, and paying the value of such buildings as may have been authorized to be erected.

IId. The Ground being in every case the property of Government cannot be sold by the grantees; but houses or other property thereon situated may be transferred by one Military or Medical Officer to another, without restriction, except in the case of Reliefs, when, if required, the terms of sale or transfer are to be adjusted by a Committee of Arbitration.

IIId. If the Ground has been built upon, the buildings are not to be disposed of to any person, of whatever description, who does not belong to the Army, until the consent of the Officer Commanding the Station shall have been previously obtained under his hand.

IVth. When it is proposed, with the consent of the Commanding Officer, to transfer possession to a Native, should the value of the house, buildings or property to be so transferred exceed 5,000 Rupees, the sale must not be effected until the sanction of Government shall have been obtained through His Excellency the Commander in Chief.

7. All houses in a Military Cantonment, being the property of persons not belonging to the Army, which may be deemed by the Commanding Officer of the Station suitable from their locality for the accommodation of Officers, shall be claimable for purchase or for hire at the option of the owner; in the former case at a valuation, and in the latter at a rent to be fixed, in case of the parties disagreeing, by a Committee of Arbitration constituted as follows.

8. The Committee is to be composed of one Civil Officer, the principal one, if practicable, at or in the vicinity of the Station, the Commanding Officer of the Cantonment, and an Officer belonging to the Station to be named by the proprietor of the premises; and their decision whether relating to

the terms of purchase or rent is to be conclusive, unless it shall be reversed by Government, for whose orders the Proceedings of the Committee are to be submitted, through His Excellency the Commander in Chief, whenever the proprietor of the premises which they have valued is dissatisfied with their award.

9. When the houses of the Officers of one Corps are to be transferred to those of another, as on the occasion of a Relief, if a difference of opinion should arise as to the fair terms of the transfer, the price shall be fixed by a Committee of Arbitration constituted as in the last paragraph, but to which, in such cases, there is to be given an additional Member to be named by the intending purchaser.

10. In this case there is to be no appeal, and the decision of the Committee of Arbitration is to be final.

These Estates adjoin one another and are situated in Thanna Lalbazar, subject to the Joint Magistrate and Deputy Collector of Bograh in Revenue and Criminal, and to the Zillah Court of Dinagepore, in Civil proceedings. They are intersected by the Jumna River, shortly before its junction with the Arvo, the latter is navigable for large boats at all seasons of the year. The principal cultivation is Sugar Cane, and in former times the Hon'ble Company had a Factory there which produced Sugar, reckoned the best in Bengal. The heavy Jummas paid by these Estates for a long series of years, shew clearly that their inability (utterly to meet the Government demand cannot be ascribed to unproductiveness, it was caused solely except in the case of No. 1, by the long continued drought in 1831, which destroyed great part of the crops, and the Choifera succeeding many of the Ryots fled, the Farmers alarmed, after racking the remainder to the utmost, also absconded; and the Zemindars, all of whom had other Property, finding they would be unable to collect even the Government dues for some years to come, allowed the Estates to be sold one after another. They will be let in Farm on Leases, not exceeding 15 years, and afford an excellent opportunity to persons wishing to establish Sugar Manufactories. It is evident also that large profits might be made by a skilful manager from the rena alone, by bringing into cultivation the large quantity of culturable Land, now waste. Good, labour and fire-wood are cheap; capital partridge shooting and pigsticking may be had within 10 miles; and summary suits and boundary disputes are unknown, an ignorance which will be appreciated by any Gentleman who has resided in Pabna, Jessore, or the adjoining Districts. Landers to be made to the Deputy Collector of Bograh, from whom any further information required may be had on application.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of the Indian Government, or Authorized Agents of the East India Company, an Advance not exceeding two-thirds of such ascertained value will be made.

3d.—For re-payment of the Advance, Bills of Exchange to be drawn in triplicate, at six months sight, at the rate of—

a. d.	Per Company's Rupee for Advances made at	Bengal.

	Per Spanish Dollar, Ditto	China.

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium, Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit, to sell the Goods, for the purpose of re-paying the Company the

amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange which the Company may at the time be drawing Bills upon such Government or Agents.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods, subject to all the conditions agreed upon with the Company, on payment of the Bills; and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

8th.—The rate of Discount to be allowed by the Company shall be the same as that charged by the Bank of England.

9th.—It is expected that Parties or their Agents will cause the Goods to be insured from fire, such Insurance to take effect from the date of the termination of the Sea risk; as the East India Company will not undertake to effect any Insurance upon them.

10th.—Parties receiving Advances, to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Officers of Government (or authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whatsoever) at any period after default shall be made either in acceptance or payment of the Bills; also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expenses which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

**FORT WILLIAM,
LEGISLATIVE DEPARTMENT,
THE 5th SEPTEMBER, 1836.**

Resolution.—As the period of eighteen months during which the Proprietors of Shares in the Bank of Bengal possess the exclusive privilege of subscribing for the additional Capital Stock of that Bank, will expire on the 10th of September, the Governor General in Council has taken into his serious consideration the constitution and the rules of that body.

His Lordship in Council is of opinion that many parts of the existing Charter might with advantage, be altered. But he is unwilling without a previous reference to the Hon'ble the Court of Directors to make any important change which can be deferred without serious inconvenience.

One change, His Lordship in Council conceives, the Government is bound in justice to make without delay. The maximum amount of Bank Stock which a single Proprietor is allowed to hold is a lac of rupees. If this rule be maintained, it is plain that those who are possessed of the largest quantity of the old Stock will obtain no Share whatever of the additional Stock. The increase of the Stock was supposed to be injurious to the old Proprietors, and it is on that account that they have been allowed by way of indemnification to possess during a certain time an exclusive right of subscribing for the additional Stock. The indemnification ought evidently to be proportioned to the loss. But if the present maximum be continued, the indemnification will be large to those who lose little, small to many who lose much, and nothing at all to those who lose most. His Lordship in Council has therefore determined at once to raise the maximum from a lac to a lac and a half. This measure will remedy the immediate evil. Whether it be desirable to have a still higher maximum, or to have any maximum at all, will be matter for future consideration.

His Lordship in Council, adverting to the change which has recently been made in the currency of these provinces, is of opinion that it is desirable that the Capital Stock of the Bank of Bengal and every Share of that Capital Stock should be expressed in Company's Rupees, and should consist of such a number of Company's Rupees as will admit of ready computation. Under any other circumstances than those which at this moment exist, it would be impossible for the Government to make this alteration without compelling the existing Proprietors either to purchase a greater quantity of Stock than they might wish to hold, or to part with Stock which they might wish to keep; and to use such compulsion would in the opinion of His Lordship in Council, be inconsistent with due respect for public faith and the rights of property.

Happily the mode in which the increase of the Capital of the Bank has been effected gives His Lordship in Council an opportunity such as can never again offer itself, of effecting this desirable object.

The Stock formerly held by private individuals amounted to 40 lacs of Sicea Rupees and each Share to 10,000 Sicea Rupees.

The additional Stock, all of which will be taken by Proprietors of the old Stock, amounts to 20 lacs of Sicea Rupees. Every Share of 10,000 Sicea Rupees will (by the addition of half a Share which each holder of one Share is entitled to subscribe for) be increased to 15,000 Sicea Rupees; and 15,000 Sicea Rupees are exactly equivalent to 16,000 Company's Rupees. It appears therefore advisable to make without delay, a change which is highly convenient, and which, if deferred till transfers have taken place, it will be impossible to effect without injustice.

His Lordship in Council has determined to fix on 4,000 Company's Rupees as the amount of a single Share of Bank Stock.

This change will render it necessary to make a change in the distribution of the votes at General Meetings of the Proprietary body. His Lordship in Council thinks it desirable that every holder of a single Share should have one vote. He also thinks it desirable that no person whatever his stake in the Bank may be, should have a greater number of votes than seven, which is now the maximum.

His Lordship in Council has fixed the 1st of October for the realization of the Subscriptions, and for the commencement of the new system.

His Lordship in Council has therefore been pleased to direct, that the following Draft of an Act be published for general information:

Act No. — of 1836.

I. It is hereby enacted, that from the day of the passing of this Act any person may hold Capital Stock of the Bank of Bengal to an amount not exceeding 1,80,000 Company's Rupees, and that any existing Proprietor of Stock of the said Bank

may subscribe for additional Stock of the said Bank in proportion to his interest, any restriction in the Charter of the said Bank contained notwithstanding.

II. And it is hereby enacted, that the sum of 70 lacs of Sicaa Rupees, which is the increased Capital Stock of the said Bank, shall, on or before the 1st of October, 1836, be made up by the Governor General of India in Council, to the sum of 75 lacs of Company's Rupees.

III. And it is hereby enacted, that the said sum of 55 lacs of Company's Rupees shall, from the 1st day of October, 1836, be the Capital Stock of the said Bank, and shall be divided into 1875 Shares of 4,000 Company's Rupees each.

IV. And it is hereby enacted, that 275 of the said Shares numbered from 1 to 275 inclusive, shall be the property of the Governor General of India in Council on behalf of the East India Company, and that the remaining 1,600 Shares numbered from 276 to 1875 inclusive, shall be the property of those persons who on the said 1st of October, 1836, shall be Proprietors of the Capital Stock of the said Bank, and that every such Proprietor shall, for every sum of Sicaa Rupees 3750 of Stock of the said Bank held by him, be entitled to one of the said Shares.

V. And it is hereby enacted, that on the 30th of September, 1836, the account of the Profits upon the Capital Stock of the said Bank as consisting of 50 lacs of Sicaa Rupees, divided into 500 Shares, shall be wound up, and a dividend declared; and that from the 1st of October, 1836, the holders of the new Shares of 4,000 Company's Rupees each shall be entitled to Share in the profits of the Bank in proportion to their interest, and that the first dividend on the said new Shares shall be declared on the 1st of January, 1837.

VI. And it is hereby enacted, that if the subscription for any Share shall not be paid up on or before the 1st of October, such Share shall become the property of the said Bank, and shall be sold for the benefit of the said Bank, and the profits of such sale shall be added to the profits of the said Bank.

VII. And it is hereby enacted, that Certificates shall be granted for the said Shares of 4,000 Company's Rupees each in the same manner in which Certificates have hitherto been granted for Shares of the Capital Stock of the said Bank, and that the said Shares of 4,000 Company's Rupees each shall be registered, and shall be transferable and assignable in the same manner in which Shares of the Capital Stock of the said Bank have hitherto been.

VIII. And it is hereby enacted, that the said Shares of 4,000 Company's Rupees each may be subdivided into Quarter Shares of 1,000 Company's Rupees each, and that such Quarter Shares may be assigned, transferred, and reunited in the same manner in which fractional parts of Shares of the Capital Stock of the said Bank have hitherto been assigned, transferred and reunited.

IX. And it is hereby enacted, that the Proprietors of the Capital Stock of the said Bank shall from the 1st day of October, 1836, be entitled at their meetings, to vote according to the following scale:

1 Share of 4,000 Co.'s Rs. shall entitle to 1 Vote.	
5 Shares	2 Votes.

These Estates adjoin one another and are situated in Thanna Lalbaraz, subject to the Joint Magistrate and Deputy Collector of Bograh in Revenue and Criminal, and to the Zillah Court of Dinagore, in Civil proceedings. They are intersected by the Jumna River, shortly before its junction with the Aurye, the latter is navigable for large boats at all seasons of the year.

The principal cultivation is Sugar Cane, and in former times the Bhoole Company had a Factory there which produced Sugar, reckoned the best in Bengal. The heavy Jummas paid by these Estates for a long series of years, shows clearly that their inability latterly to meet the Government demand cannot be ascribed to unproductiveness, it was caused solely except in the case of No. 1, by the long continued drought in 1831, which destroyed great part of the crops, and the Choolers succeeding many of the Ryots fled, the Farmers alarmed, after racking the remainder to the utmost, also abandoned; and the Zemindars, all of whom had other Property, finding they would be unable to collect even the Government dues for some years to come, allowed the Estates to be sold one after another. They will be let in Farm on Leases, not exceeding 15 years, and afford an excellent opportunity to persons wishing to establish Sugar Manufactories. It is evident also that large profits might be made by a skilful manager from the rents alone, by bringing into cultivation the large quantity of cultivable Land, now waste. Good, labour and fire-wood are cheap; capital, partridge shooting and pig-sticking may be had within 10 miles; and summary suits and boundary disputes are unknown, an ignorance which will be appreciated by any Gentleman who has resided in Pubna, Jessore, or the adjoining Districts. Tenders to be made to the Deputy Collector of Bograh, from whom any further information required may be had on application.

To be Let in Farm on LEASES of 10 or 15 Years, the following Government Estate situated in the Collectorship of Dinagepore.

M. Sindoorhatta, Perg. Ditto, ...	Ditto.	7626 8½	4896 14 11 8	5055 3 9 1	4597 2½				

These Estates have so lately been purchased by Government that no accurate Statement can be formed of their Rukba Ushdee or of their Balances, and only a Rough Estimate could be formed of the probable Collections.—The Estates are close to each other and are under the same Tehsildar. They are intersected by the Jomna River—The soil is for the most part Kheer and Pullee, the former produces Rice, of a superior kind, and fetches a high Price in the Market; the latter produces Sugar Cane, Indigo, &c. Mirzapoor is comparatively but little deteriorated by the racking of the Zemindars, and has numerous old and good Cultivators on it. Sindoorhatta is in a worse condition, but offers a good opportunity to small Capitalists to bring its valuable Lands into Cultivation. There was an Indigo Factory formerly in their neighbourhood, and it was only closed on the Proprietor obtaining an appointment under the Government. The Ryots would no doubt be glad to cultivate the plant again. The late Owners of these Estates bought them nearly 40 years ago, and have ever until lately had any difficulty in paying the Sudder Jumma which is a sufficient proof that the Lands have only deteriorated by recent neglect. The Lands are situated on three sides of the Coimbatour Thana. The Estates are 14 Coss from Dinagepore and 2 Coss from the Moonsh's Kutchery.—Tenders to be made to the Acting Collector of Dinagepore.

PORT WILLIAM, 3d October, 1836

No. 191 of 1836.—In conformity with Instructions from the Hon'ble the Court of Directors, the following Paragraphs of their Military Letter, No. 6, dated the 1st June 1836, addressed to the Governor General of India in Council, are published in General Orders.

"Para 1. Having received from the President of the Board of Commissioners for the Affairs of India, a communication that it would be satisfactory to the King if the Standards and other War Trophies captured by the King's and Company's Forces in India were placed at His Majesty's disposal, it being His Majesty's intention to collect all similar Relics and place them in the great Hall and Chapel of the Royal Hospital at Chelsea. We derived much gratification from a compliance with the wish which had thus graciously been expressed, and took immediate measures for accomplishing the object in view.

2. We accordingly forwarded to the Royal Hospital the Standards, &c. enumerated in the following List, viz:

Two State Standards of Hyder Ali and Tippeo Sultan, taken at the Storming of Seringapatam, on the 4th May 1799.

Two Pendants belonging to the above Standards.

Colors of the French Corps taken at the Storm of Seringapatam.

Colors which belonged to the Brigades of General Perron taken in the Mahratta War of 1803.

Seven Standards taken from Mahratta Regular Corps at the Battle of Assaye, on the 23d August 1803, by the Army under Major General Sir Arthur Wellesley.

Sixteen Colors taken from the Mahratta Regular Corps, in the Campaign of 1803, by the Army under Major General Sir Arthur Wellesley.

A Pair of Colors of a Battalion of Goorkas taken at Muckwanpore in the Nepal War, on the 28th February 1816, by the Forces under the command of Major General Sir David Ochterlony, K. C. B.

Three Colors of Durjan Sal, taken at the Storming of Bhurtpore by the Forces under the Command of General Lord Combermere, on the 18th January 1826.

3. Being desirous to mark the interest which we attach to these Trophies, won by the valor of the King's and Company's Forces in India, we requested our Chairman and Deputy Chairman to attend at the first Levee after the Colors should have been deposited at the Royal Military Hospital, for the purpose of presenting to His Majesty a List descriptive of the Colors and of the occasions upon which they were captured. Our Chairman and Deputy Chairman (accompanied by a considerable portion of the Court of Directors) attended accordingly and were most graciously received.

4. You will perceive from the List which we have quoted, that we possess comparatively few of the Military Trophies which have been won by our Armies in India. The rest we should hope have been carefully preserved at the Seats of Government of the respective Presidencies, and in order that we may follow out in the most effectual manner the object of concentrating in one appropriate Building the whole of the Military Trophies taken by the British Army, we now desire that such as are in the possession of your Government may be forwarded to us, accompanied by a List descriptive of the occasions upon which they were captured.

5. You will cause a Copy of this Dispatch to be published in General Orders."

The following Act passed by the Right Hon'ble the Governor General of India in Council on the 26th September, 1836, is hereby promulgated for general information:

Act No. XXII. of 1836.

I. It is hereby enacted, that from the first day of November, 1836, Regulation VII. of 1810 of the Bengal Code, and also such parts of Regulation XVIII. of 1806 of the Bengal Code, as relate to the Eastern Canal, commonly called "Tolly's Nullah," which connects the River Hooghly with the Sunderbunds, shall be repealed.

II. And it is hereby enacted, that from the said first day of November, 1836, the Governor of Bengal shall be competent to prescribe the amount of Toll, and the mode of levying the same, on boats, rafts and floats which shall enter on, or pass out of, or through, either of the two lines of navigation hereinafter described—that is to say,

1st. The Eastern Canal aforesaid from its entry into the Sunderbunds, to its junction with the River Hooghly.

2d. The line made up of the Channel across the Salt-water Lake to Balinghatta, of the Canal leading from the Salt-water Lake to the Boittakhanua Road, and of the new Circular Canal which connects the last mentioned Canal with the River Hooghly.

III. Provided always, that the aggregate amount of Toll levied on account of the whole passage along either of the two lines aforesaid, or on account of entering into, or passing out of, either of the two lines aforesaid, shall in no case exceed one Rupee and a half for every hundred Maunds burden on any boat, or two Annas for every timber, on every raft of timber, or four Annas for every hundred bamboos, on every float of bamboos.

IV. And it is hereby enacted, that the said Governor shall be competent to fix a rate of Rent to be levied on every boat which shall remain in any part of either of the lines aforesaid longer than two days for every hundred Maunds of burden, and on every raft of timber which shall so remain longer than one day for every ten timbers, and on every float of bamboos which shall so remain longer than one day, for every two hundred bamboos.

V. And it is hereby enacted, that the said Governor shall be competent to appoint Officers for the collection of the Tolls and Rent hereinbefore mentioned, and to confer on such Officers, for the purpose of preventing acts whereby either of the said lines of navigation may be obstructed, or whereby the banks along either of the said lines of navigation may be damaged, any or all the powers possessed by Magistrates in respect of navigable Streams and Rivers.

VI. And it is hereby enacted, that whoever wilfully causes any obstruction of either of the said lines of navigation, or any damage to the banks along either of the said lines of navigation, shall be punishable, on conviction before the Magistrate, with imprisonment for a term not exceeding fourteen days, or fine to an amount not exceeding 50 Rupees or both; and in default of payment of such fine, with additional imprisonment for fourteen days.

VII. And it is hereby enacted, that Notifications of the rates of Toll and Rent, and of the places of collection, and of all Rules made by the said Governor under the authority given to him by this Act, shall be published in the Calcutta Gazette, and exposed to public view at every Toll-house, on either of the said lines in the English, Persian and Bengallee tongues.

VIII. And it is hereby enacted, that if the Toll or Rent due in respect of any boat, raft or float on either of the said lines, shall not be paid on demand, to an Officer authorized by the said Governor to receive the same, it shall be lawful for such Officer to seize such boat, raft or float, and the cargo thereof, and to detain the same, and if the said Toll or Rent shall have been paid upon any day before the tenth day after such seizure, then the said boat, raft, or float shall be released, or if not paid within the said ten days, it shall be lawful for such Officer with the sanction, and under the directions of the Superintendent of Canals, to sell the property seized, or so much thereof as the said Superintendent shall direct for the purpose of satisfying the Toll or Rent which may be due, and also of defraying the expenses of seizure and detention; and in every such case, so much of the property seized which has not been sold, and so much of the price of the property sold, as is in excess of the sum necessary for satisfying the Toll or Rent which is due, and for defraying the expenses of seizure and detention, shall be returned to the Owner of the boat, raft or float.

IX. And it is hereby enacted, that if any person in charge of any boat, raft or float, shall attempt to evade payment of the Toll or Rent due thereon, or shall resist a seizure made by the authority and under the circumstances hereinbefore described, such boat, raft or float and the cargo thereof, shall be forfeited to the Government under orders of the Superintendent, subject to appeal to the Commissioner of Revenue and Police.

FINANCIAL DEPARTMENT, THE 15TH JUNE, 1886.

NOTICE is hereby given, that under instructions just received from the Honorable Court of Directors, the following Terms and Conditions for making Advances upon the Goods and Merchandise of Individuals intended for Consignment to England re-payable to the Court of Directors of the East India Company, have been substituted for those contained in the Advertisement of this Department, dated the 27th October 1884.

1st.—The parties whom Advances may be made shall agree that the respective Consignments be delivered into such Warehouses as the Court of Directors may approve: and that they be subject to the Control of the Court of Directors until the lien of the Company upon the Consignment shall have been satisfied.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of the Indian Government, or Authorized Agents of the East India Company, an Advance not exceeding two-thirds of such ascertained value will be made.

3d.—For re-payment of the Advance, Bills of Exchange to be drawn in triplicate, six months sight, at the rate of—

a. d.	For Company's Rupees for Advances made at	Bengal.
	Ditto	Ditto
	Ditto	Ditto
	Ditto	Ditto
	Per Spanish Dollar, Ditto	China.

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium, Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but previous decision of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills; the Court of Directors may be authorized, in such manner and at such times as they may think fit, to sell the Goods, for the purpose of re-paying the Company the

amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods, subject to all the conditions agreed upon with the Company, on payment of the Bills; and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

8th.—The rate of Discount to be allowed by the Company shall be the same as that charged by the Bank of England.

9th.—It is expected that Parties or their Agents will cause the Goods to be insured from fire, such Insurance to take effect from the date of the termination of the Sea risk; as the East India Company will not undertake to effect any Insurance upon them.

10th.—Parties receiving Advances, to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Officers of Government (or authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whomsoever) at any period after default shall be made either in acceptance or payment of the Bills; also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expenses which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

GENERAL ORDERS BY THE RIGHT HONORABLE THE GOVERNOR GENERAL OF INDIA IN COUNCIL.

FORT WILLIAM, 5th October, 1836.

No. 195 of 1836.—The following para. of a Military Letter, No. 4. from the Hon'ble the Court of Directors, dated 1st June 1836, addressed to the Governor General of India in Council, together with a copy of the papers from the Colonial Office, specifying the advantages which are given to Naval and Military Officers, settling in the Colonies of New South Wales, Van Dieman's Land and the new Settlement of Western Australia, are published in General Orders:

"Para. 1. We have been apprized that His Majesty's Government are willing to extend to the Retired Officers of our Army the advantages which are enjoyed by His Majesty's Officers on their settlement in the Colonies of Western Australia, New South Wales and Van Dieman's Land.

2. We have gladly availed ourselves of this offered advantage, and we desire that you will take the necessary measures for making it known to those Officers of the Army on your Establishment, who may from time to time retire from the Army

3. A copy of the papers from the Colonial Office, specifying the advantages which are given to Naval and Military Officers, is herewith forwarded."

"Information for the use of the Military and Naval Officers proposing to settle in the British Colonies."

Colonial Office, 16th August, 1834.

1. Annexed is a statement of the Regulations according to which, with such modifications as local circumstances may render necessary, lands belonging to the Crown are disposed of in the several British Colonies in North America, as well as a statement of the Regulations in force in the Australian Colonies.

2. Under these Regulations, Military and Naval Officers cannot receive free grants of land; but in buying land they are allowed a remission of the purchase money according to the undermentioned scale:

Field Officers of 25 years' service and upwards in the whole,	£ 300
Ditto 20 ditto ditto,	250
Ditto 15 ditto ditto,	200
Captains of 20 years' service and upwards in the whole,	200
Ditto 15 ditto ditto,	150
Subalterns of 20 years' service and upwards in the whole,	150
Ditto 7 ditto ditto,	100
Regimental Staff Officers and Medical Officers of the Army and Navy will be deemed to come within the benefit of this rule.	

3. Officers of the Army and Navy who propose to proceed to the Colonies in order to take advantage of this indulgence should provide themselves with certificates from the Office of the General Commanding in Chief, or of the Lords Commissioners of the Admiralty, shewing that their emigration has been sanctioned, and stating exactly their rank and length of service. No document from the Office of the Secretary of State is necessary.

4. Officers on half pay residing in the Colony where they propose to settle, may be admitted to the privileges of Military and Naval Settlers, without referring to this country for testimonials, provided they can satisfy the Governor that there is no objection to their being allowed the indulgence, and that their return of their rank and length of service is accurate, and provided, if they belong to the Navy, that they produce their letter of leave of absence from the Admiralty.

5. Military Chaplains, Commissariat Officers and Officers of any of the Civil Departments connected with the Army cannot be allowed any privileges on the subject of Land. Purser, Chaplains, Midshipmen, Warrant Officers of every description, and Officers of any of the Civil Departments connected with the Navy, must also be considered as not qualified for those privileges. Although Members of these classes may have been admitted formerly and under a different state of circumstances, they must now be excluded.

6. Gentlemen who have ceased to belong to His Majesty's Service cannot be allowed the advantages to which they were entitled while in the Army or Navy. It is not, however, proposed to affect by this rule Officers who desire to quit the Service for the express purpose of settling in the Colonies; it is only required that when they resign their Commissions, they should apply for a Certificate from the General Commanding in Chief or from the Lords Commissioners of the Admiralty that they do so, with the view of emigrating; and such Certificate if produced to the Governor of any Colony within one year from its date, but not otherwise, will be a sufficient warrant for allowing the bearer the same advantages as Officers still in His Majesty's Service.

Officers who have sold out within the last twelve months preceding the date of this memorandum will be allowed the usual privileges, notwithstanding their want of the Certificate required by these Regulations, if they present themselves to the Governor of the Colony within a year from the present date. And all Officers who have already been recommended by the General Commanding in Chief will be entitled to their privileges without regard to any objection which might otherwise be offered to the Regulations now established.

7. Officers cannot be allowed advantages in the acquisition of land in any Colony unless it be their intention to fix their residence in that Colony. In order to ensure the observance of this rule, it has been determined that the titles to lands obtained by Officers who take advantage of the peculiar regulations existing in their favor shall be withheld for a period sufficient to prove that they have not repaired to the Colony for the mere purpose of gaining possession of a portion of land and then departing. Two years is the period for which it has been decided that the titles shall be kept back: this delay will be sufficient for the salutary object in view, and will not constitute any serious inconvenience to the bona fide Settler.

8. By the annexed Regulations for the disposal of Crown Lands, it will be observed that the general sales will take place periodically. But in order to prevent inconvenience to Officers who may arrive in the intervals between those sales and be desirous at once to obtain an allotment, the Governors of the Colonies are authorized to allow Officers to acquire at any time, on payment of the upset price, lands which have previously been offered for sale at some general sale and not been bought.

Officers will thus be relieved from delay at the time of establishing themselves in the Colony. They will also be enabled by this arrangement which will permit them to obtain their land at a fixed price, to choose such a quantity as shall be exactly equivalent to the amount of the remission to which they are entitled, instead of being liable to be called upon to pay a balance, which must be the case if they bid for lands at a sale by auction.

Terms upon which the Crown Lands will be disposed of in New South Wales, Van Diemen's Land, and the new Settlement of Western Australia.

It has been determined by His Majesty's Government that no Land shall in future be disposed of in New South Wales or Van Diemen's Land otherwise than by public sale, and it has therefore been deemed expedient to prepare, for the information of Settlers, the following summary of the rules which it has been thought fit to lay down for regulating the sales of Land in those Colonies.

1.—A division of the whole territory into counties, hundreds and parishes is in progress. When that division shall be completed, each parish will comprise an area of about twenty-five square miles.

2.—All the lands in the Colony, not hitherto granted, and not appropriated for public purposes, will be put up to sale. The price will of course depend upon the quality of the land and its local situation, but no land will be sold below the rate of 5s. per acre.

3.—All persons proposing to purchase lands not advertised for sale, must transmit a written application to the Governor, in a certain prescribed form, which will be delivered at the Surveyor General's Office to all persons applying, on payment of the requisite fee of 2s. 6d.

4.—Those persons who are desirous of purchasing will be allowed to select, within certain defined limits, such portions of land as they may wish to acquire in that manner. These portions of land will be advertised for sale for three calendar months, and will then be sold to the highest bidder, provided that such bidding shall at least amount to the price fixed by Article 2.

5.—A deposit of £10 per cent. upon the whole value of the purchase must be paid down at the time of sale, and the remainder must be paid within one calendar month from the day of sale, previous to which the purchaser will not be put in possession of the land, and in case of payment not being made within the prescribed period, the sale will be considered void and the deposit forfeited.

6.—On payment of the money, a grant will be made in fee-simple, to the purchaser, at the nominal quit-rent of a pepper corn. Previous to the delivery of such grant, a fee of forty shillings will be payable to the Colonial Secretary for preparing the grant, and another fee of five shillings to the Registrar of the Supreme Court for enrolling it.

7.—The land will generally be put up to sale in lots of one square mile, or 640 acres; but smaller lots than 640 acres may, under particular circumstances, be purchased, on making application to the

Governor, in writing, with full explanations of the reasons for which the parties wish to purchase a smaller quantity.

8.—The Crown reserves to itself the right of making and constructing such roads and bridges as may be necessary for public purposes in all lands purchased as above, and also to such indigenous timber, stone, and other materials, the produce of the land, as may be required for making and keeping the said roads and bridges in repair, and for any other public works. The Crown further reserves to itself all mines of precious metals."

With reference to the foregoing Regulations, the Right Hon'ble the Governor General of India in Council is pleased to notify for general information, that Officers who, on retiring from the Military Service of the East India Company, may wish to avail themselves of the advantages now extended to them by their gracious Sovereign, will, on signifying their intention to proceed as Settlers to any of His Majesty's Australian Colonies, be furnished by the Military Secretary to Government at the Presidency to which they belong, with a Certificate of the following form and tenor:

I do hereby certify, that A. B. late a _____ in the Military Service of the East India Company, on the _____ Establishment, obtained, on the _____ of _____, the permission of the Governor _____ in Council, to retire from the Service, for the purpose of proceeding as a Settler, to His Majesty's Colony of _____; and that the length of Service of the said A. Calcutta Medical College.

October 4th, 1836.

To be Let in Farm on **LEASES** of 10 or 15 Years, the following **Government Estates**, situated in the **Collectorship of Dinagore**.

Mohal and Pergunnah.	Date of becoming Khos.	Rakhs.	Musthood as per 3th Quinquennial Register.	Sudder Jumma.	Rakhs Uadras.	Jama of 1842.	Balance of former years.	Balance of 1842.	Total Balance at the close of 1842 B. S.
M. Miraspore, P. Gilsidara,	10th June 1836.	12640 14	4066 1 28 0	5806 15 15 0	7207 7				
M. Sindoorhatta, Pergh. Dimo, ..	Do.	7636 5	4690 14 11 3	4036 5 9 1	4597 2				

These Estates have so lately been purchased by Government that no accurate Statement can be formed of their Rakhs Uadras or of their Balances, and only a Rough Estimate could be formed of the probable Collections.—The Estates are close to each other and are under the same Tehsildar.—They are intersected by the Jamna River.—The soil is for the most part Khar and Fuller, the former produces Rice, of a superior kind, and fetches a high Price in the Market; the latter produces Sugar Cane, Indigo, &c. Miraspore is comparatively but little deteriorated by the racking of the Zemindars, and has numerous old and good Cultivators on it. Sindoorhatta is in a worse condition, but offers a good opportunity to small Capitalists to bring its valuable Lands into Cultivation. There was an Indigo Factory formerly in their neighbourhood, and it was only closed on the Proprietor obtaining an appointment under the Government. The Ryots would no doubt be glad to cultivate the plant again. The late Owners of these Estates bought them nearly 40 years ago, and have never until lately had any difficulty in paying the Sudder Jumma which is a sufficient proof that the Lands have only deteriorated by recent neglect. The Lands are situated on three sides of the Chintaman Thana. The Estates are 14 Cos from Dinagore and 2 Cos from the Moulvi's Kutchery.—Tenders to be made to the Acting Collector of Dinagore.

These Estates have so lately been purchased by Government that no accurate Statement can be formed of their Rukhs Ubadon or of their Balances, and only a Rough Estimate could be formed of the probable Collections.—The Estates are close to each other and are under the name Tehsildar.—They are intersected by the Jurnam River.—The soil in for the most part Khes and Paller, the former produces Rice, of a superior kind, and fetches a high Price in the Market; the latter produces Sugar Cane, Indigo, &c. The soil is comparatively but little deteriorated by the rackings of the Zemindars, and has numerous old and good Cultivators on it. Sindooshties is in a worse condition, but offers a good opportunity to small Capitalists to bring its valuable Lands into Cultivation. There was an Indigo Factory formerly in their neighbourhood, and it was only closed on the Proprietor obtaining an appointment under the Government. The Ryots would no doubt be glad to cultivate the plant again. The late Owners of these Estates bought them nearly 30 years ago, and have never until lately had any difficulty in paying the Sadder Jumma which is a sufficient proof that the Lands have only deteriorated by recent neglect. The Lands are situated on three sides of the Chittaniam Thana. The Estates are 14 Coss from Dinagpore and 9 Coss from the Moonshee's Kutchery.—Tenders to be made to the Acting Collector of Dinagpore.

FORT WILLIAM,
GENERAL DEPARTMENT, THE 26TH JUNE 1836.

ALL Public Officers of Government sending Advertisements to the *Calcutta Gazette* for publication, are hereby directed to make them as short as possible, and to specify always how many times the Advertisement shall be repeated.

By Order of the Hon'ble the Vice President in Council.

H. T. PRINSEP, Secy. to the Govt.

FORT WILLIAM,
FINANCIAL DEPARTMENT, THE 12TH JUNE, 1836.

NOTICE is hereby given, that under instructions just received from the Honorable Court of Directors, the following Terms and Conditions for making Advances upon the Goods and Merchandise of Individuals intended for Consignment to England re-payable to the Court of Directors of the East India Company, have been substituted for those contained in the Advertisement of this Department, dated the 27th October 1834.

1st.—The parties to whom Advances may be made shall agree that the respective Consignments be delivered into such Warehouses as the Court of Directors may approve; and that they be subject to the Control of the Court of Directors until the lien of the Company upon the Consignment shall have been satisfied.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of the Indian Government, or Authorized Agents of the East India Company, an Advance not exceeding two-thirds of such ascertained value will be made.

3d.—For re-payment of the Advance, Bills of Exchange to be drawn in triplicate, at six months sight, at the rate of—

Per Company's Rupee for Advances made at	Bengal.
Ditto	Madras.
Ditto	Bombay.
Per Spanish Dollar, Ditto.....	China.

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium, Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit, to sell the Goods, for the purpose of re-paying the Company the

amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods, subject to all the conditions agreed upon with the Company, on payment of the Bills; and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

8th.—The rate of Discount to be allowed by the Company shall be the same as that charged by the Bank of England.

9th.—It is expected that Parties or their Agents will cause the Goods to be insured from fire, such Insurance to take effect from the date of the termination of the Sea risk; as the East India Company will not undertake to effect any Insurance upon them.

10th.—Parties receiving Advances, in address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Officers of Government (or authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whomsoever) at any period after default shall be made either in acceptance or payment of the Bills; also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expenses which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

**FORT WILLIAM,
LEGISLATIVE DEPARTMENT,
THE 10TH OCTOBER, 1836.**

Resolution.

The Zemindarries of Goomsur and Soorada, in the District of Ganjam, have long been in a state of the utmost disorder and confusion. The Revenue due to Government has for many years past been paid with great irregularity. The Zemindars have frequently been in a state of actual Rebellion. The authority of Government has been openly resisted, and the most atrocious acts of violence and outrage have been perpetrated by the Zemindars and their adherents. Although such measures as were consistent with the principles and provisions of the existing Regulations have, from time to time, been adopted by Government and by the local Authorities, with a view to the establishment of good order and permanent tranquillity in those Zemindarries, the attainment of that important object has been frustrated by peculiar obstacles arising from the nature of the country, the character of the Inhabitants, and other special and local difficulties. The failure of all measures hitherto adopted under the existing laws to restore tranquillity—the increasing prevalence of disorders which, if not speedily suppressed, may extend to the neighbouring Estates, and the continued resistance opposed to the authority of Government have at length rendered it necessary that the ordinary functions of the Courts of Civil and Criminal Justice, and the operation of the general Regulations should, for the present, be suspended in that part of the District of Ganjam, commonly known under the denomination of the Zemindarries of Goomsur and Soorada, and that a Commissioner should be appointed for those Zemindarries for the purpose of exercising such powers, and discharging such duties, as may be specially entrusted to him, under the instructions of the Governor in Council of Fort St. George, with a view to the Collection of the Rents, the Establishment of a Regular Police, and the restoration of public order and tranquillity—His

Lordship in Council has therefore been pleased to direct that the following Act be passed, and it is hereby passed accordingly and promulgated for general information.

Act No. XXIII. of 1836.

I. It is hereby enacted, that from the 15th day of November, 1836, the ordinary functions of the Courts of Civil and Criminal Justice, and of the constituted Revenue Authorities, as well as the operation of the whole of the existing Regulations, shall be suspended within the Zemindarries of Goomsur and Soorada, and shall continue to be so suspended until this Act shall be repealed, or until such time as the Governor in Council of Fort St. George shall, by an Order in Council and Proclamation, declare that the ordinary Regulations shall be again put in force within those Zemindarries.

II. And it is hereby enacted, that it shall be lawful for the Governor in Council of Fort St. George to appoint a Commissioner for the said Zemindarries who shall exercise such powers as may be entrusted to him by the said Governor in Council of Fort St. George, and shall be guided in the discharge of his duties and functions by such instructions as he from time to time, shall receive from the said Governor in Council.

III. And it is hereby enacted, that nothing in this Act shall be construed to affect the jurisdiction of the Court of Circuit, or Court of Sudder Foudardar Adawlut in any case which may be depending before either of these Courts on the 15th day of November, 1836.

IV. And it is hereby enacted, that the Court of Circuit and Court of Sudder Foudardar Adawlut shall have Criminal jurisdiction over every person whom the Commissioner in Goomsur and Soorada under the instructions of the Governor in Council of Fort St. George, may commit for trial, on the charge of any Crime perpetrated before or during the operation of this Act—and in all such cases, the Court of Circuit and Court of Sudder Foudardar Adawlut shall be guided by the general Regulations in force.
